

US Pacific Tuna Group FIP
MOU ADDENDUM to the FIP member membership

FIP Members

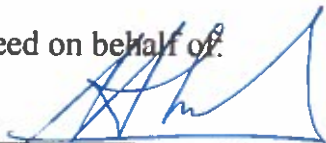

Prior to Posting to the FisheryProgress.com it is important that we update the member listing on our Memorandum of Understanding for the US Pacific Tuna Group FIP.

This email is to document the addition of the American Enterprise to the Tradition Mariner LLC and to add the Daniela and Isabella owned by the Alvarez Family. Since Larry has already signed the Memorandum of Understanding it is not necessary for him to sign again. This email will acknowledge that the American Enterprise is to be added to the Tradition Mariner LLC and to the FIP. The addition of the Isabella and the Daniela to the US Pacific Tuna Group FIP was agreed unanimous by the existing members and to formally document the addition of Antonio's vessels to the FIP we will need Antonio to sign a copy of this email (MOU Addendum) and return to us.

I am attaching to this email a copy of the original MOU that was signed by all the members for your reference and to document the Addendum for our files. It includes Appendix 1: Scope for the FIP and Appendix 2: The Process for the FIP's development and implementation.

Upon receiving Antonio's signature below I will forward to all the members and retain one for the FIP's files behind Page 5 of 5 in our MOU.

Agreed on behalf of:
